

Copeland select 8 software kan lastes ned på mobil eller PC, samt kjøres on-line.

Programmet gir kapasitetsdata og øvrige tekniske data for alle Copeland kompressorer og aggregater samt Alco komponenter. Programmet gir mange utskriftsmuligheter for dokumentasjon av produktenes egenskaper, velegnet for anleggsdokumentasjon.

The screenshot shows the login page for the Emerson Select 8 software. At the top, the Emerson logo is on the left, and navigation links for 'MOBILE VERSION', 'DOWNLOADABLE VERSION', 'LANGUAGE', and 'CONTACT US' are on the right. The main content area is titled 'Login' and contains a paragraph explaining the software's features. Below this, there are two columns: 'Returning User?' and 'First Time?'. The 'Returning User?' column has input fields for 'User Name' and 'Password', a 'Remember me next time.' checkbox, a 'Login' button, and a 'Forgotten Password?' link. The 'First Time?' column has a message about registration and a 'Register' button.

With Version 8 you can work on line with very latest compressor and condensing unit database. Many features, already familiar to Select 7 users, enable you to quickly obtain performance information on Copeland brand compressors and condensing units in the form of tables, selection lists, operating envelopes, and technical information. Your settings are automatically saved, giving instant access when you return, either via your PC or your handheld device.
